

FOR IMMEDIATE RELEASE

Jaden's Ladder and The Luxury Homes Group Inc, leaders in the luxury home real estate market, are teaming up to raise money and awareness in these uncertain economic times

A portion of the proceeds from the sale of a \$5M luxury property in the Buckhead area will be donated to Jaden's Ladder whose goal it is to assist survivors of domestic violence with life-enhancing, post shelter programs and support that build confidence and foster self-reliance. Our two-day luxury home event which takes place on October 16th & 17th from 2-5 PM only will feature local art, furniture, luxury automobiles and businesses including Atlantis Waterscapes and Design, Mercedes of Buckhead to showcase one of Atlanta's finest properties.

"This is going to be a fun and unique community event," says Marco Olivier, co-founder of LHG. "Thanks to the generous participation of local businesses, we are able to hold a few fundraising galas and auction off many donated items that will really make a HUGE impact for a GREAT cause, and get the right people to fall in love with this stately home and call it theirs. Selling this home will allow us to donate a portion to Jaden's Ladder. It is always very exciting for us to be able to raise funds for charities just through the simple act of selling houses."

The property, a stunning estate home located at 3206 Arden NW Road Atlanta, GA and valued at more than **\$5,355,000.00** will be sold to the highest reasonable offer above **\$3,213,667.00** in an exclusive closed bid.

This event will attract hundreds of affluent guests including local celebrities, buyers and real estate enthusiasts. Refreshments, donated from local businesses, will also be served.

Through our Luxury Home Events, we are able to help local business gain unlimited exposure to a wealth of new clients, help the homeowner sell their house quickly and allow a fair price for the new homeowner while at the same time helping charities raise money. For more information about the house, please call (404) 891-6481.
